Thursday June 15, 2006, 4:30 p.m.

CEDAR CITY, UTAH The Buckskin fire has burned 1400 acres, change is to due GPS mapping of the fire. Fire behavior is creeping and smoldering with isolated torching of trees.

The main concern is the north and south sides of the fire. Hand crews are working in conjunction with the helicopter and heavy air tankers to support the retardant lines. The east side of the fire is contained by natural barriers.

Today's winds were favorable and did not threaten the power lines.
